QUICKSTYLE

Floors That Set Us Apart

Introduction

Quickstyle's Patented TG® Technology: A revolutionary new way to think about flooring!

The flooring industry is continually evolving, driven by technological advancements and innovative solutions. One such revolutionary force is TG® Technology, which is reshaping the landscape of the industry.

Quickstyle, a prominent player in the hard surface flooring industry, proudly showcases the ongoing evolution of its patented TG® Technology.

Introduced in 2016:

it's ground-breaking design and functionality earned TG® Technology multiple patents worldwide.

TG® Technology's innovative approach goes beyond surface solutions. It embodies an exquisite fusion of design and technological advancement.

The Results?

Flooring solutions that are visually appealing, but also built to withstand the test of time.

It reduces material overhead, limits potential waste, and cuts down on the need for additional materials and tools, thereby minimizing the ecological footprint of your flooring project.

TG® Technology

Our constant investment in research, development, and innovation ensures that TG® Technology will remain at the forefront of trends and technological advances in flooring.

TG® brings an innovative approach and high-quality products that transform the flooring experience. With a special focus on sustainability, ease of maintenance, and design, TG® is committed to delivering solutions that exceed its customers' expectations.

The perfect fusion of style, simplicity, and durability.

**TG® TECHNOLOGY
A GAME-CHANGER
IN THE INDUSTRY**

Bringing Growth, Innovation, And Experience To The Market

TRUEGROUT® TECHNOLOGY

Quickstyle's TRUEGROUT® technology provides stunning realistic visuals of ceramic tiles without the hassle of grouting and time-consuming installation.

TRUEGROUT® introduces a central grout line in each tile, mimicking two separate pieces on one panel for easy, stunning staggered patterns.

This significantly reduces installation time, making it a more cost-effective solution.

Timeless Beauty and Unwavering Protection

Wear, Stain & Fade Protection

Mess-free - Hassle-free
No Grout Needed

TG® Shield! A key feature offering long-lasting protection against wear, stains, and fading.

Ensuring your flooring will maintain its pristine appearance for years to come.

Our commitment to excellence in product quality and revolutionary design is at the heart of our business.

This technology is not limited to floors: It also enhances walls and opens the way to new possibilities for extending flooring collections to wall applications; including for shower walls.

Rigid Core Hardwood Style with TRUEGROOVE® TECHNOLOGY!

Introducing Rigid Core Hardwood Style flooring with TG® Technology, a groundbreaking innovation in groove design that captures the timeless charm and warmth of natural wood. Immerse yourself in the beauty of rich wood visuals, carefully crafted to replicate the classic look, without the hassle and cost associated with traditional hardwood flooring.

At the core of this groundbreaking TRUEGROOVE® technology lies the remarkable TG® Shield, a game-changing feature that not

only provides exceptional protection against wear, stains, and fading but also sets a new standard for durability and longevity. Experience flooring that withstands the test of time, maintaining its beauty and elegance for years to come.

With Rigid Core Hardwood Style flooring, you can elevate your space with the unmatched allure of natural wood, while enjoying the benefits of superior performance and easy maintenance.

Discover the perfect blend of style and functionality that will transform any room into a captivating oasis of comfort and luxury. This innovation in groove design beautifully marries the age-old elegance and warmth of natural wood with modern technology.

TRUEGROOVE®
THE INNOVATION
IN GROOVE DESIGN

Style, Durability, and Functionality

Wear, Stain & Fade Protection
The groove with TG® Shield feature will not wear, stain, or fade!

Quickstyle's Rigid Core Hardwood Style flooring with TG® Technology offers remarkable durability to homeowners. This flooring option has been constructed to withstand the rigors of daily foot traffic, including the wear and tear caused by pets and children.

This technology, enhanced with TG® Shield, provides unmatched wear, stain, and color fade protection. It guarantees that your floors preserve their captivating beauty and allure over the years, triumphing over the usual signs of aging that often mar traditional hardwood floors.

In terms of maintenance, Quickstyle has made it easier than ever. Unlike traditional hardwood floors which require stringent upkeep, the Rigid Core Hardwood Style flooring with TG® Technology requires only a basic cleaning routine to keep it in optimal condition.

A simple sweep or vacuum, along with an occasional damp mop, will keep your floors looking fresh and new. This results in reduced time and effort invested in maintenance, allowing you to fully enjoy and appreciate the beauty and functionality of your space.
